SUMMARY

Strategy, operations, and program management leader with 12+ years across enterprise SaaS, Media, Financial Services, Biotech, and Healthcare, combining executive-level strategic partnership with hands-on operational and program delivery. Partnered with the C-suite through Kaseya's \$350M to \$1.75B growth, owning planning rhythms and KPI infrastructure across \$1B+ in revenue. Led AMC+ launch execution, contributing to 65% digital revenue growth, and later ran the operating cadence across 16 business units and 12 external partners. Delivered \$1M+ in annualized savings leading cross-functional transformation programs at bluebird bio. Works as the operator senior leaders hand their hardest cross-functional mandates to, an operational lead on complex cross-functional programs, and a transformation advisor building the infrastructure organizations need to sustain improvement. Translates executive priorities into execution systems, holds teams accountable without formal authority, and uses AI-augmented workflows to sharpen leadership visibility and cut manual prep.

KEY ACHIEVEMENTS

Strategic Growth & Enterprise Scaling

Partnered with C-suite leadership through Kaseya's \$350M to \$1.75B growth, owning the KPI infrastructure, planning frameworks, and board-level reporting that guided investment and operating decisions across \$1B+ in revenue.

Transformation & Operational Optimization

Led multiple transformation initiatives across Procurement, Legal, HR, and Operations at bluebird bio, delivering \$1M+ in annualized savings through vendor renegotiation, process redesign, and contract optimization.

Platform Strategy & Cross-Functional Delivery

Ran the 16-business-unit, 12-partner operating cadence at AMC Networks with no direct authority, cutting execution cycle time roughly 30%, and separately led AMC+ launch delivery, a key driver of 65% digital revenue growth.

AI-Augmented Decision Support

Built AI-assisted reporting workflows using Claude, ChatGPT, and Copilot that translate complex program status into decision-ready executive updates, cutting manual prep time and sharpening leadership visibility.

EXPERIENCE

Director, Strategy & Client Delivery

2020 – 2026 · Remote

SOL Consulting

Progressed across multiple engagement cycles at AMC Networks, advancing from Technical Project Manager to Senior Program Manager while owning platform launch execution, FAST/AVOD marketing programs, and a \$2.1M client portfolio.

Senior Program Manager, FAST / AVOD Marketing (AMC Networks)

- Aligned 16 business units and 12 external partners across Marketing, Product, Distribution, and Deal teams, coordinating 10 concurrent initiatives without direct authority over any of them.
- Directed partner platform integration across 32 digital channels spanning News, Sports, Reality TV, and Scripted Television, managing cross-regional dependencies and execution consistency across a distributed streaming ecosystem.
- Built the governance frameworks and operating cadences that cut execution cycle time ~30%, replacing status-chasing with real-time visibility into risks, decisions, and progress for leadership.
- Designed AI-assisted briefing and reporting workflows in ChatGPT and Copilot, translating complex program status into decision-ready executive updates and cutting manual prep for leadership reviews.

Senior Technical Project Manager, Digital Transformation (AMC Networks)

- Led platform strategy and execution for AMC+, aligning Product, Engineering, and Marketing on capabilities, release milestones, and growth initiatives that defined the streaming roadmap.
- Led technical release coordination across Product, Engineering, QA, and Marketing, driving requirements refinement, UAT, defect resolution, and go-live readiness for AMC+ enhancements.
- Translated business priorities into execution plans, bridging roadmap sequencing, engineering delivery, and go-to-market strategy to keep every team pointed at the same outcomes.
- Drove platform adoption and growth strategy for AMC+, contributing to a 65% increase in AMC's digital revenue across streaming and distribution channels.

Account Manager (AMC Networks)

- Ran the operating relationship between SOL Consulting leadership and AMC Networks executives, aligning on priorities, delivery strategy, and resource planning across a multi-year engagement.
- Set account strategy and commercial oversight for the AMC Networks portfolio, partnering with senior stakeholders to identify expansion opportunities and shape long-term engagement direction.
- Owned engagement margin and delivery oversight for a team of 8 consultants, handling performance management, mentorship, and resource allocation to consistently hit client expectations and margin targets year over year.
- Expanded the AMC Networks account from \$280K to \$2.1M annually by leading commercial strategy, securing contract renewals, and driving sustained scope expansion across engagement cycles.

Senior Manager, Strategic Finance & Business Operations

2018 – 2020 · New York, NY

Kaseya

Partnered with C-suite leadership through Kaseya's \$350M to \$1.75B growth, owning the planning rhythms, performance management, and cross-functional alignment that kept a \$1B+ SaaS organization moving in one direction.

- Drove planning and execution through rapid organizational growth, aligning resources, timelines, and priorities across Product, Finance, and Operations during constant change.
- Built the post-close operating system that brought 14 acquired companies onto one set of plans, reporting, and metrics, giving leadership a single view of a fast-consolidating portfolio.
- Partnered with C-suite and Executive Leadership to monitor performance across \$1B+ in revenue, advising on investment and acquisition decisions to keep spending aligned with strategic targets.
- Built KPI dashboards and reporting frameworks that gave leadership real-time visibility into business unit performance, replacing manual status updates and the time spent chasing numbers in meetings.
- Prepared executive and board-level reporting for QBRs and Steering Committee meetings, synthesizing performance, risks, and recommendations into narratives that drove alignment on portfolio priorities.

Consulting Manager

2017 – 2018 · New York, NY

AArete

Partnered with executive stakeholders at a biotech client to lead operational transformation and cost optimization, turning cross-functional process reviews into measurable financial outcomes.

Team Lead (bluebird bio)

- Directed multiple transformation initiatives across Procurement, Legal, HR, and Operations, delivering over \$1M in annualized savings through vendor renegotiation, product utilization optimization, and purchasing process redesign.
- Led cross-functional contract reviews across Finance, Legal, HR, and Operations, negotiating improved vendor terms and reducing costs across multiple spend categories.
- Built reporting frameworks to track financial impact, initiative progress, and program risks, presenting findings to executive stakeholders and improving decision transparency across the organization.
- Negotiated improved vendor pricing across Procurement and Operations, capturing cost savings while preserving SLA quality and program continuity.

Senior Consultant / Consultant

2014 – 2017 · New York, NY

Optimity Advisors

Delivered enterprise transformation engagements across Financial Services and Healthcare, focused on execution, governance, and the operational infrastructure clients needed to sustain improvement.

Technical Business Analyst (Moody's)

- Gathered and translated business requirements for a next-generation internal credit rating platform, partnering with stakeholders to define functional specifications and support development.
- Supported Agile delivery across the SDLC, managing requirements and user stories in JIRA, contributing to 20% efficiency gains through process optimization and performance tracking.

Project Manager (CareFirst BlueCross BlueShield)

- Led implementation of a new small-business health insurance product within a 7-project program, driving cross-functional coordination to meet strict regulatory timelines and execution requirements.
- Tracked and reported project progress, risks, and dependencies, keeping business and operational teams aligned for successful, on-time product launches.

Systems Analyst Intern

Summer 2013 · Reston, VA

Maximus

Supported enterprise technology delivery by bridging business and technical teams within government technology programs.

- Translated business and operational requirements into technical specifications for development teams, supporting the delivery of enterprise software solutions for New York State.
