SUMMARY

Chief of Staff and Strategy & Operations leader with 12+ years embedding next to senior executives in high-growth organizations and building the operating cadence, executive materials, and follow-through that make the company ship. Partnered with the C-suite through Kaseya's \$350M to \$1.75B SaaS scale and 14 acquisitions, owning the planning rhythm, KPI tracking, and board-level reporting that turned leadership's priorities into trackable execution across a \$1B+ organization.

Runs the operating system between strategy and execution: turns ambiguity into structured decisions and keeps the executive office aligned on priorities and tradeoffs without formal authority. Shapes enterprise strategy and organizational design with sound commercial judgment and quantitative rigor, and prepares decision-ready board and leadership materials using AI-augmented workflows with ChatGPT, Copilot, and Gemini.

KEY ACHIEVEMENTS

Executive-Office Operating Cadence

Coordinated 16 business units and 12 external partners at AMC Networks into one operating cadence, building the leadership-meeting rhythm, KPI tracking, and follow-through mechanism that cut execution cycle time ~30% without direct authority over any team.

Discipline Through Hypergrowth Scale

Operating partner to Kaseya leadership through a \$350M to \$1.75B scale and 14 acquisitions, owning the planning cadence, scenario modeling, and KPI infrastructure that let the organization scale with discipline through hypergrowth.

Cross-Departmental Initiatives, End to End

Led the AMC+ launch as operating partner across Product, Engineering, QA, and Marketing, keeping every function aligned on priorities and tradeoffs and driving accountability out of meetings, contributing to 65% digital revenue growth.

Board & Executive Materials, AI-Augmented

Prepared board, QBR, and Steering Committee materials for a \$1.75B organization, turning performance, risk, and recommendations into decision-ready narratives, and stood up AI-assisted reporting with ChatGPT and Copilot to compress executive-prep cycles.

EXPERIENCE

Director, Strategy & Client Delivery

2020 – 2026 · Remote

SOL Consulting

Progressed across multiple engagement cycles from Account Manager to Senior Technical Project Manager to Senior Program Manager, owning the operating cadence, executive materials, and cross-functional follow-through across the FAST & AVOD organization at AMC Networks.

Senior Program Manager - FAST / AVOD Marketing (AMC Networks)

- Ran the operating cadence across 16 business units and 12 external partners in Product, Marketing, Distribution, Technology, and Operations, the rhythm of leadership meetings, roadmap reviews, and KPI tracking that kept cross-functional priorities aligned and cut execution cycle time ~30% without direct authority over any team.
- Stood up governance and KPI tracking spanning 32 digital channels, giving leadership one view of status, risks, and the decisions needed instead of chasing updates across a fragmented portfolio.
- Prepared executive briefings, QBR and Steering Committee materials, and pre-meeting reads so senior leadership walked into every key decision informed and with a clear point of view.
- Built AI-assisted reporting and briefing workflows with ChatGPT and Microsoft Copilot, turning raw status into decision-ready leadership updates and compressing executive-prep time.

Senior Technical Project Manager - Digital Transformation (AMC Networks)

- Drove cross-functional execution for the AMC+ launch as operating partner to platform leadership, keeping Product, Engineering, QA, and Marketing aligned from priorities through ship and contributing to 65% digital revenue growth.
- Translated product roadmap, engineering delivery, and go-to-market into one trackable plan so cross-functional teams stayed pointed at the same outcomes and dependencies stayed visible.
- Surfaced launch risks and dependency conflicts early and drove them to resolution with leadership, before they became escalations.
- Synthesized status across multiple workstreams into one executive narrative, replacing fragmented stand-ups with a single weekly read the leadership team could act on.

Account Manager (AMC Networks)

- Served as the operating liaison between SOL Consulting leadership and AMC Networks executives, aligning enterprise priorities and execution across a multi-year engagement.
- Grew the AMC Networks engagement from \$280K to \$2.1M annually by partnering with senior stakeholders to read priorities, shape scope, and sustain executive trust across cycles.
- Set the operating cadence and accountability rhythm for a team of 8 consultants, holding delivery to client expectations.
- Brokered escalations between client executives and delivery leadership, turning friction into agreed paths forward and protecting account health through each renewal.

Senior Manager, Strategic Finance & Business Operations

2018 – 2020 · New York, NY

Kaseya

Partnered with C-suite leadership through Kaseya's rapid growth from \$350M to \$1.75B, owning the planning cadence, KPI infrastructure, scenario modeling, and the long-term and capacity planning behind capital-allocation and acquisition decisions that kept a \$1B+ SaaS organization moving in the same direction.

- Acted as operating-spine partner to the C-suite and Executive Leadership Team through the \$350M to \$1.75B scale, running the planning cadence and cross-functional alignment that let a \$1B+ SaaS organization scale with discipline.
- Built the cost and scenario models behind investment, acquisition, and integration decisions across \$1B+ in revenue, giving leadership the data they used to allocate resources against strategic targets.
- Prepared board-level reporting for QBRs and Steering Committee meetings, turning performance, risks, and recommendations into the narrative leadership used to set portfolio priorities.
- Built KPI dashboards and tracking frameworks that gave leadership real-time visibility across business units, replacing manual status-chasing with a single source of truth in executive reviews.

Consulting Manager

2017 – 2018 · New York, NY

AArete

Partnered with executive stakeholders at a biotech client to lead operational transformation and cost optimization, turning cross-functional process reviews into measurable financial outcomes.

Team Lead (bluebird bio)

- Directed 5 transformation initiatives across Procurement, Legal, HR, and Operations at bluebird bio, delivering \$1M+ in annualized savings for the executive sponsor.
- Led cross-functional contract reviews with Finance, Legal, HR, and Operations, negotiating improved vendor terms and consolidating spend on behalf of executive stakeholders.
- Built the tracking framework for initiative progress, financial impact, and risks, giving executives one portfolio view.
- Synthesized weekly initiative progress into executive narratives for bluebird leadership, sharpening the C-suite's view of savings risk and tradeoffs.

Senior Consultant / Consultant

2014 – 2017 · New York, NY

Optimity Advisors

Supported enterprise transformation programs across Financial Services, Media & Entertainment, and Healthcare, focused on execution, governance, and building the operational infrastructure clients needed to sustain improvement.

Technical Business Analyst (Moody's)

- Partnered with stakeholders on a next-generation internal credit rating platform, translating business needs into functional specifications and feeding development priorities back to leadership.
- Drove process optimization and performance tracking across the SDLC, contributing to 20% efficiency gains for the program.

Project Manager (CareFirst BlueCross BlueShield)

- Drove cross-functional delivery and compliance readiness for a small-business health insurance product within a 7-project program, coordinating teams against strict regulatory timelines.
- Tracked progress, risks, and dependencies into executive-ready status, keeping business and operational stakeholders aligned through launch.

Systems Analyst Intern

Summer 2013 · Reston, VA

Maximus

Supported enterprise technology delivery by bridging business and technical teams within government technology programs.

- Translated business and operational requirements into technical specifications for development teams supporting NY State enterprise software delivery.
